KONICA MINOLTA

TECHNOLOGY

bizhub® 368e/308e

MONOCHROME MID-VOLUME MULTIFUNCTION PRINTERS

The bizhub 368e/308e is exactly where

HIGH PERFORMANCE MEETS AFFORDABILITY.

Ideal for today's forward-moving businesses. Cost-effective, quality printing, even on the go.

Your business is growing, meeting new goals every day. For your imaging needs, only advanced technology with an easy-to-use interface will do. The bizhub 368e/308e from Konica Minolta is the innovative monochrome MFP that's always up to the task. Compact and efficient, it offers flexibility for small to mid-size businesses, like quality finishing and mobile connectivity right from users' device. The economical bizhub 368e/308e gives you printing performance the way you want. Here are just a few of its impressive features:

- Customizable touch panel
- Flexibility and performance
- Versatile finishing options
- Secure data protection
- Mobile print and scan capabilities

For growing companies that cannot settle for less, introduce the new bizhub 368e/308e to your workplace.

AT A GLANCE

bizhub 368e/308e

- Speeds up to 36 ppm
- Large 9" customizable color panel with new mobile connectivity area (NFC)
- Optional dual scanning up to 160 opm
- Max. paper capacity: 6,650 sheets
- Standard web browser for easy cloud connectivity
- i-Option capabilities for demanding applications
- Downloadable apps enhance functionality through Konica Minolta's award-winning MarketPlace

FEATURES THAT YOU'VE BEEN LOOKING FOR IN AN MFP.

HIGH PERFORMANCE INCREASES SPEED AND ACCURACY IN OFFICE PRINTING APPLICATIONS

The bizhub 368e/308e performs exceptionally in the busiest work environments. It features both stable high output and improved DADF scanning — with a 6,650 sheet paper loading capacity and 160 opm dual scan speed. This high copy and scan functionality improves users' work efficiency. Plus, we've not only improved print speed but also various image enhancement features to ensure accuracy and stunning output.

THE KONICA MINOLTA MARKETPLACE

The Konica Minolta MarketPlace is your source for all the apps you need to keep you informed, enhance the MFP experience and accelerate your business. Whether through your internet connected bizhub or your desktop computer, access to the Konica Minolta MarketPlace is smart, easy and convenient.

KONICA MINOLTA SECURITY

Konica Minolta's bizhub SECURE, a professional security service, provides powerful lockdown protection that guards your bizhub from unauthorized operation. Our IEEE 802.1X SSL and IPsec protocol authentication methods allow easy integration into protected networks, plus secure network communication. Virtually all bizhub systems conform to the ISO 15408 EAL3 standard, meeting the highest international security standards.

COLLABORATION THROUGH ENHANCED SOLUTIONS THAT SUPPORT VARIOUS WORK STYLES

The bizhub 368e/308e also provides strong connectivity with mobile devices, cloud service and third-party business applications. With standard web browser and IWS functions, users' business requirements will be fully covered with this powerful MFP.

A REVOLUTION DOESN'T HAPPEN ALONE.

Today's businesses require innovation now more than ever. We've listened to our users' needs and updated the bizhub 368e/308e to help them do their jobs quicker and more efficiently.

AUTOMATIC PAPER SIZE MEASUREMENT FOR NON-STANDARD PAPERS

The bizhub 368e/308e takes the guess work out of non-standard paper sizes. Simply load originals to the DADF or glass platen, then press the start button. The MFP automatically measures the size of paper and registers the measurement into the memory.

IMPROVED SCANNING DOCUMENTS TO A COMPACT PDF

Now you can scan files to PDF format and not worry about running out of storage space. Image noise has been reduced and image quality has been improved while also producing smaller compact PDF file sizes.

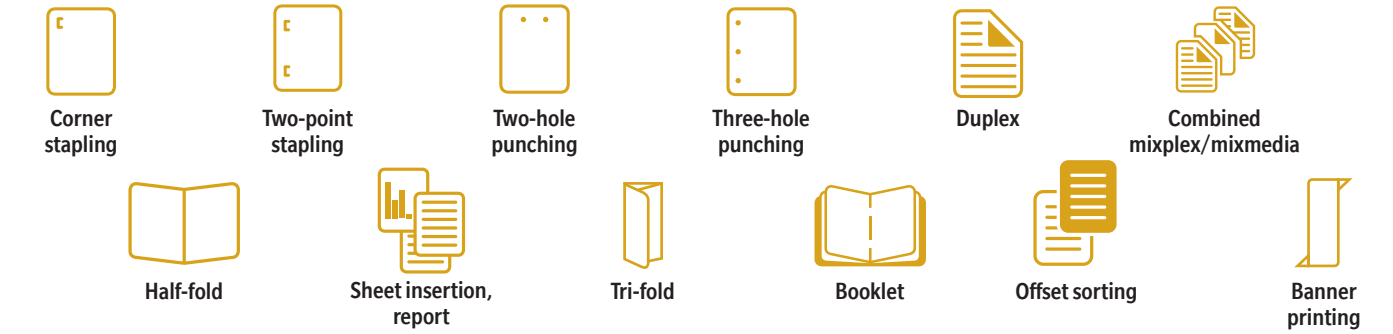
CREATE A VARIETY OF PRINTED MATERIALS IN-HOUSE

The bizhub 368e/308e supports a wide range of high-level finishers for various types of outputs. Multiple finishing options. One single unit. Quickly mass-produce various types of outputs for added flexibility and cost reductions. The FS-536/536SD floor finisher with 50-sheet stapling has binding, folding, hole punching and cover functions. A complete finishing solution.

For space saving finishing functionality you can add the FS-533 inner finisher, an economical and versatile finishing solution to add stapling. If hole punching is a requirement for your business, just add the extra kit and we have all your needs covered in the same footprint.

POWERFUL FINISHING OPTIONS FOR ALL KINDS OF MEDIA.

The bizhub 368e / 308e has a robust variety of finishing capabilities to meet your needs.



TECHNOLOGY THAT HELPS YOUR TEAM WORK SMARTER.

MOBILE PRINTING

The bizhub 368e/308e supports various mobile print technologies. It's flexible to suit your users' environment, such as Classic Google Print, which enables output outside the office; or Mopria, which is compatible with various manufacturers' printers.

The operation panel also includes a mobile touch area compatible with devices that support NFC (Near Field Communication). With Konica Minolta Mobile Print you can:

- Pair immediately with the MFP
- Log into the unit if user authentication is set
- Print/scan

FLEXIBLE WIRELESS CONNECTIVITY

Wireless extension functions, AP mode and WiFi Direct are supported, enabling an optimum setup to match any office network environment. Flexible support for BYOD and new connection environments can be built without making additional investments.

SUPPORTS HDD MIRRORING

HDD Mirroring is the real-time synchronization of main HDD and optional backup HDD. Risk of losing data is reduced significantly, even if the main HDD fails, as it automatically switches to the optional HDD.

WIDGETS

Users can paste text boxes, icons or GIF animation clips as widgets on the control panel. Advertisements and operating precautions can also be effectively displayed.

EASY SET ECO FUNCTIONS ON THE MAIN MENU

Toner/paper saving, power saving or any Eco function shortcuts can be registered on the main menu. The cumulative power consumption is displayed as a list or graph on a monthly or hourly basis.

CONTROL POWER CONSUMPTION WITH ECO SETTING

One touch settings are available to reduce the brightness of the touch panel or to turn the animation display off and thereby control power consumption.

RECYCLED MATERIALS

Konica Minolta's own developed processing technology made it possible to maximize the use of PC/PET material for its products' outer parts. The bizhub 368e/308e uses recyclable materials for more than 25% of the weight ratio of the total resin volume, a first in the A3 MFP industry.

At 9 inches, our enhanced multi-touch panel puts features and capabilities at your fingertips, transforming the panel into a tool you can customize specifically for your business needs.

CUSTOMIZE THE MAIN MENU

Up to 23 shortcut keys can be set in the main menu for quick and easy access to frequently used functions.

SLIDE MENU

The slide menu containing pre-registered frequently used features can be accessed from the right side of various screens.

KONICA MINOLTA MARKETPLACE

The Konica Minolta MarketPlace enhances your MFP's capabilities with a number of workflow and communication apps designed for your business needs. Similar to those used on mobile devices, the apps can be accessed right from your MFP's touchscreen control panel. Find apps to support scanning and printing; or apps that can save time, speed work and make administrative tasks easier. Visit konicaminoltamarketplace.com for more information.

WEB BROWSER AND IWS FUNCTIONS

Allows users to access the web directly from the bizhub control panel. You can access HTTP pages, preview PDF files and search and view manuals written in HTML. This function is standard.

bizhub 368e/308e

MONOCHROME MID-VOLUME MULTIFUNCTION PRINTERS

SYSTEM OVERVIEW

System memory	4 GB (when UK-211 is installed)
System hard disk	250 GB Standard
Interface	10-BASE-T / 100-BASE-TX / 1000-BASE-T Ethernet, USB 2.0
Network protocols	TCP/IP (IPv4/IPv6), FTP, SMB v2, SMTP, WebDAV
Frame types	Ethernet 802.2, Ethernet 802.3, Ethernet II, Ethernet SNAP
Document feeder (optional)	Up to 100 originals / 5.5" x 8.5" to 11" x 17" / 35-163gsm Reversing automatic document feeder or dual scan document feeder available
Printable paper size	**Scanning/Copying:** up to 11" x 17" **Printing:** up to 11" x 17" full bleed on 12" x 18" paper Custom paper sizes Banner paper max.: 11.75" x 47.25"
Printable paper weight	52–300 gsm
Paper input capacity	**Standard:** 1,150 sheets / **Max.:** 6,650 sheets
Tray 1	500 sheets / 5.5" x 8.5" to 11" x 17" / 52–256 gsm
Tray 2	500 sheets / 5.5" x 8.5" to 12" x 18" / 52–256 gsm
PC-115 Paper feed cabinet (optional)	500 sheets / 5.5" x 8.5" to 11" x 17" / 52–256 gsm
PC-215 Paper feed cabinet (optional)	2 x 500 sheets / 5.5" x 8.5" to 8.5" x 11" / 52–256 gsm
Large capacity tray PC-415 (optional)	2,500 sheets / 8.5" x 11" / 52–256 gsm
Large capacity tray LU-302 (optional)	3,000 sheets / 8.5" x 11" / 52–256 gsm
Manual bypass	150 sheets / 4" x 6" to 12" x 18" / custom paper sizes / 50–300 gsm
Automatic duplexing	5.5" x 8.5" to 12" x 18" / 52–256 gsm
Finishing modes	Offset, group, sort, staple, punch, half-fold, z-fold, tri-fold, booklet
Output capacity	**Max. with finisher:** 3,200 sheets **Max. without finisher:** 250 sheets
Stapling (optional)	**Max.:** 50 sheets or 48 sheets + 2 cover sheets (up to 209 gsm)
Stapling output capacity	**Max.:** 1,000 sheets
Tri-fold (optional)	Up to 3 sheets
Tri-fold capacity	**Max.:** 30 sheets (tray)
Booklet (optional)	**Max.:** 20 sheets or 19 sheets + 1 cover sheet (up to 209 gsm)
Booklet output capacity	**Max.:** 100 sheets (tray)
Copy/print volume	**308e:** 150,000 pages/month[1] **368e:** 175,000 pages/month[1]
Toner lifetime	25,000 pages
Imaging unit lifetime	**308e:** 265,000 pages / 600,000 pages (Drum/Developer) **368e:** 270,000 pages / 600,000 pages (Drum/Developer)
Power consumption	120 V / 60 Hz, less than 1.5 kW (system)
System dimensions	24.2" x 27" x 38" (W x D x H)
System weight	Approx. 168 lbs

PRINTER SPECIFICATIONS

Print resolution	1,800 (equivalent) x 600 dpi, 1,200 x 1,200 dpi
PDL	PCL6 (XL 3.0), PCL5c, PostScript 3 (ver. 3016), XPS
Operating systems	Windows (x32 / x64): 7 / 8.1 / 10 Windows Server (x32 / x64): 2008 / 2008 R2[2] / 2012[2] / 2016[2] Macintosh OS X 10.7 or later Linux / Unix / Citrix
Printer fonts	80 PCL Latin, 137 PostScript 3
Print functions	Direct Print of PCL, PS, TIFF, XPS, PDF, encrypted PDF files and OOXML (DOCX, XLSX, PPTX), mixmedia and mixplex, "Easy Set" job programming, overlay, watermark, copy protection, carbon copy print

COPIER SPECIFICATIONS

Copying process	Electrostatic laser copy, tandem, indirect
Toner system	Simitri HD Polymerized Toner
Print speed (8.5" x 11")	**308e:** Up to 30 ppm (portrait) **368e:** Up to 36 ppm (portrait)
Print speed (11" x 17")	**308e:** Up to 15 ppm (portrait) **368e:** Up to 18 ppm (portrait)
Autoduplex speed (8.5" x 11")	**308e:** Up to 30 ppm (portrait) **368e:** Up to 36 ppm (portrait)

COPIER SPECIFICATIONS (CONT.)

1st copy out time	**308e:** 4.8 seconds **368e:** 4.5 seconds
Warm-up time	Approx. 20 seconds[3]
Copy resolution	600 x 600 dpi
Gradations	256 gradations
Multi-copy	1–9,999
Original format	Up to 11" x 17"
Magnification	25–400% in 0.1% steps, auto zooming
Copy functions	Electronic sorting, multi-job, adjustments (contrast, sharpness, image density), proof copy, interrupt mode, color mode, separate scan, sort/group, combination, original selection, ID card copy, 2-in-1, 4-in-1

SCANNER SPECIFICATIONS

Scan speed	**B&W / Color:** up to 160 opm with optional DF-704
Scan resolution	**Max.:** 600 x 600 dpi
Scan modes	Scan-to-Email, Scan-to-SMB, Scan-to-FTP, Scan-to-Box, Scan-to-USB, Scan-to-WebDAV, Scan-to-DPWS, Network TWAIN scan
File formats	JPEG, TIFF, PDF, PDF/A 1a and 1b (optional), compact PDF, encrypted PDF and searchable PDF (optional), XPS, compact XPS, PPTX and searchable PPTX (optional), searchable DOCX/XLSX (optional)
Scan destinations	2,100 (shared with fax), LDAP support
Scan functions	Annotation (text/time/date) for PDF, up to 400 job programs, realtime scan preview

FAX SPECIFICATIONS

Fax	Super G3 (optional)
Transmission	Analog, Internet Fax, Color i-Fax, IP-Fax
Resolution	**Max.:** 600 x 600 dpi (ultra-fine)
Compression	MH, MR, MMR, JBIG
Modem	Up to 33.6 Kbps
Destinations	2,100 (single + group)
Functions	Polling, time shift, PC-fax, receipt to confidential box, receipt to Email/FTP/SMB, up to 400 job programs

USER BOX SPECIFICATIONS

Storable documents	**Max.:** 3,000 documents or 10,000 pages
Type of user boxes	Public Personal (with password or authentication) Group (with authentication)
Type of system boxes	Secure print, encrypted PDF, fax receipt, fax polling, annotation
User box functionality	Reprint, combination, download, and sending Email/FTP/SMB/fax, copy box-to-box

SYSTEM FEATURES

Security	ISO 15408 EAL[4] / IEEE 2600.1[4] / IP filtering and port blocking / SSL2, SSL3 and TSL1.0 network communication / IPsec support / IEEE 802.1x support / FIPS 140-2 / User authentication / Authentication log / Secure print / Hard disk overwrite (8 standard types) / Hard disk data encryption (AES 128) / Memory data auto deletion / Confidential fax receipt / Print user data encryption / Copy protection (Copy Guard, Password Copy) optional
Accounting	Up to 1,000 user accounts Active Directory support (user name + password + email + SMB folder) User function access definition Optional Biometric authentication (finger vein scanner) Optional ID card authentication (ID card reader)
Software	PageScope Net Care Device Manager PageScope Data Administrator PageScope Box Operator PageScope Direct Print Print Status Notifier Driver Packaging Utility Log Management Utility

[1] Maximum monthly duty cycle describes the maximum number of pages a device can output on a monthly basis. This specification is a guideline intended to offer a comparison of durability as it relates to the entire Konica Minolta MFP and printer product line so that the appropriate device can be placed in order to meet customer needs.

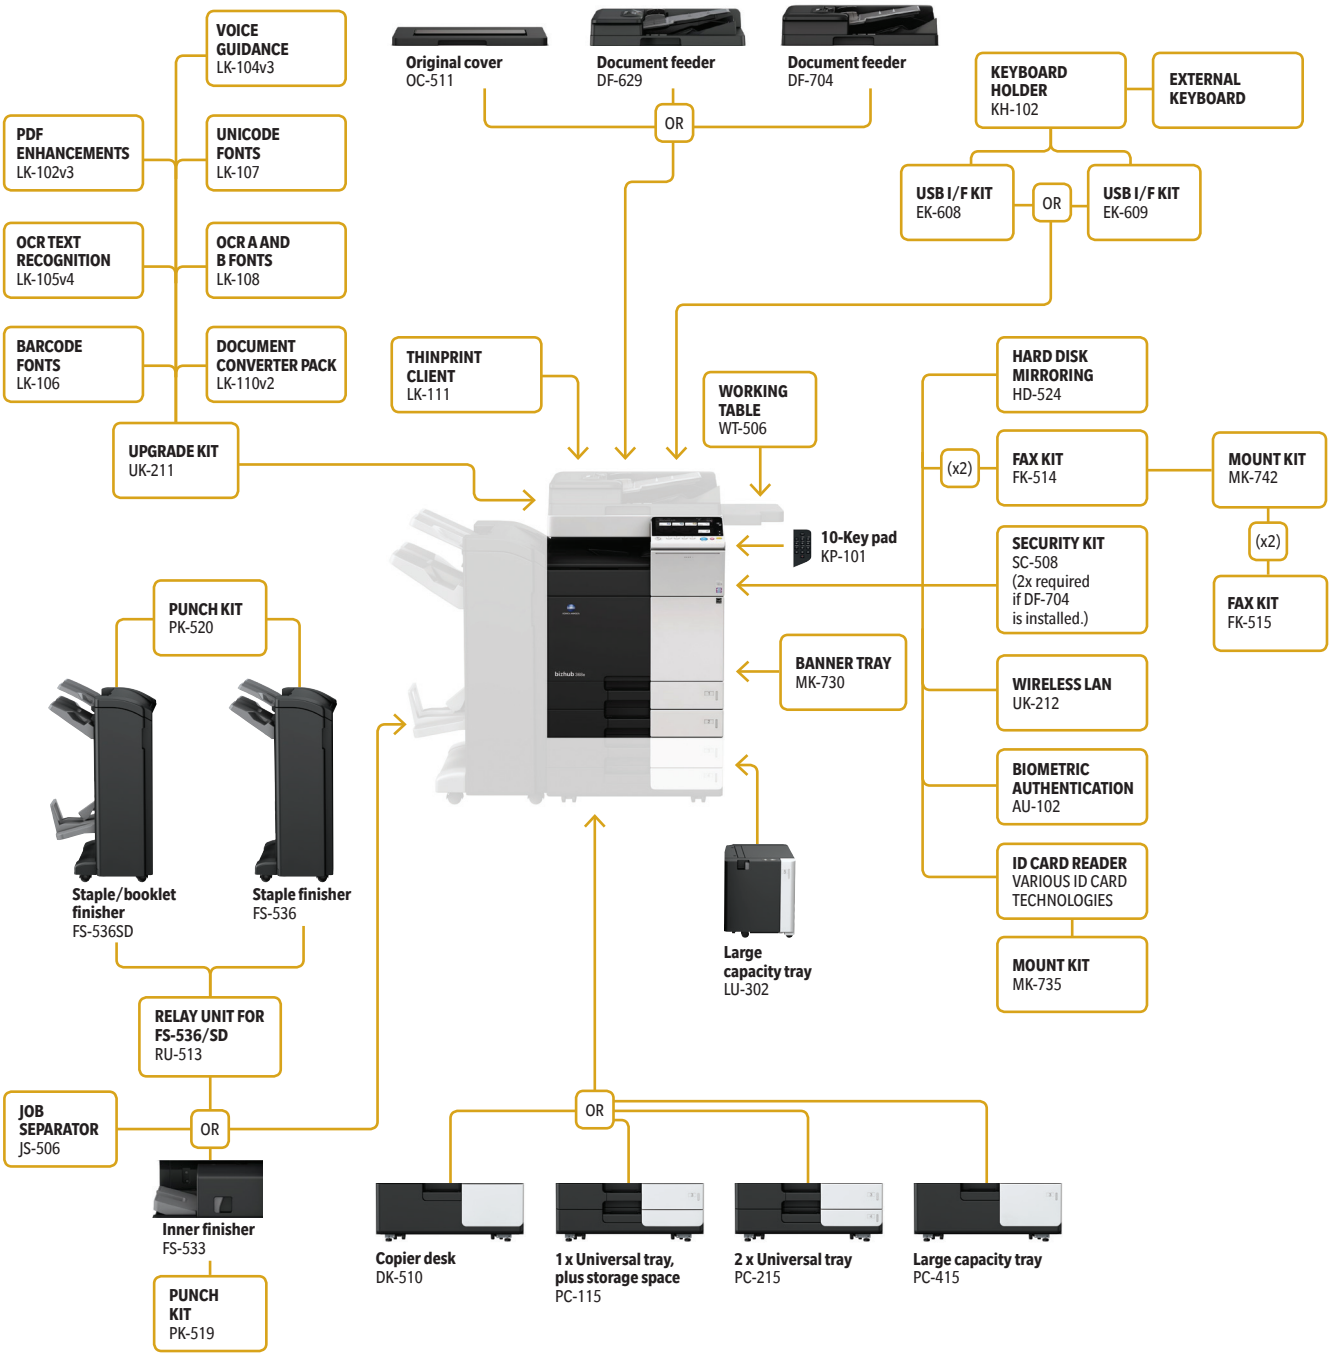
[2] Supports x64 only.

[3] Warm-up time may vary depending on the operating environment and usage.

[4] Certification pending.

DESIGNED
TO WORK THE WAY YOU DO.

With the bizhub 368e/308e, we've crafted a solution that lets you work the way that is right for you. Plug-and-play integration of a host of options allows you the flexibility to build an MFP to keep up with your evolving business.



COMMITTED TO OUR WORLD.

Protecting the planet has always been a top priority at Konica Minolta. Our broad array of environmental initiatives will help you realize your own sustainability goals:

CLEAN PLANET

Our program provides cost-free recycling for all our consumables, including toner cartridge and bottles, imaging units, developer and drums with prepaid shipping labels and cost-free packaging. We can even arrange pick-up from high-volume users.

SUSTAINABILITY

Our exclusive Simitri HD toner formulation uses plant-based biomass material to reduce environmental impact. The latest bizhub models are EPEAT-Gold Certified and achieve among the lower power consumption rate of MFPs in their class. Energy saving modes reduce power consumption while maintaining fast first-copy output — and a unique Eco-indicator helps you monitor paper, toner and energy usage.

ECOVISION 2050

We're committed to a mid-century goal of reducing CO_2 emissions by 88% over 2005 levels, minimizing greenhouse gases that may contribute to global warming. We pursue that goal every day — minimizing energy consumption, cutting pollution and using recycled materials in construction.
